

## FILM & VIDEO

From creating the story to capturing and editing it. We offer structured beginner, intermediate and advanced classes for most of the skills needed to be a great storyteller. We combine what you learn in a classroom to hands-on projects.

## AUDIO, AUDIO, AUDIO

Audio plays such a key role in filmmaking that we thought it needed repeating. You will learn not only how to capture great audio but how to edit it, sweeten it, and how to create emotion with it. You will also learn different audio skills that extend beyond just filmmaking.

## PHOTOGRAPHY & LIGHTING

Photography plays a key role in the filmmaking process. Both with the use of photos in the creative process but with the principles of how photography works. You will learn composition, lighting and how to create a story with just a single image.....and then how that applies to moving ones.

## CINEMATOGRAPHY

Cinematography goes beyond knowing how to frame a subject, it requires understanding the various cameras and formats. We not only teach the storytelling aspects of cinematography but how to choose the right tool for the right job.

## JOURNALISM & STORYTELLING

The ability to tell a good story on the big screen is first being able to write it out on paper, break it down and then to turn it into a script. Regardless of what type of filmmaking you choose, writing is involved. Our classes include a variety of writing projects to help you get started. Our instructors have created screenplays, TV shows, novels, news segments and more.

## BROADCASTING

Having all your ducks in a row to do a flawless live broadcast, be it video or audio is important. You will learn the tricks of the trade to help create seamless "live" productions.

- YEAR ROUND CLASSES
- FLEXIBLE SCHEDULING
- HANDS-ON LEARNING
- EXPERIENCED INSTRUCTORS
- AFFORDABLE
- FAST-PACED INTERNSHIPS AVAILABLE

# The Academy

Film, Video, Audio & More  
*Learn Create Collaborate*

The Nevada County Digital Media Center is Nevada County's creative hub for all things film, video, and various other media. The facility includes a 20x20 cyclorama greenscreen, several editing bays, a broadcast control room, a soundproof recording studio and equipment that spans from cell phones to cinema. This state of the art facility is a community resource for all ages, skill levels and imaginations.

### Our Students

Our Academy is a structured way to learn all aspects of media for ages 11-100. Students can enroll in every class or pick and choose the classes that are of interest to them.

*When I decided to develop some skills for a specific project, luck (or possibly divine intervention) lead me to NCDMC. I learned more in 4 months than I could have in two semesters of film school. - Wendy Hawkins*

### Our Staff

Our instructors have years of experience in film, video, audio, and other media. They range from scriptwriters and engineers to feature film editors and cinematographers. Their single goal is to feed you with the knowledge to help you be better creators.

### Our Classes

We teach everything from basic camera and lighting, to advanced composition and storytelling. From classes for the engineering side of the industry to animation and audio. There is something for everyone here at the Academy.

Our beginning classes are designed to give students a solid foundation to build on, our intermediate and advanced classes are designed to teach shortcuts, tricks of the trade and a more in-depth understanding.

The Academy consists of spring, summer, fall and winter sessions, in addition to a variety of specialty classes & workshops. Every class and workshop offers a slightly different approach and or skill set needed. Some classes are short, some are not, some are hands-on, some not.....but all are guaranteed to teach useful skills that will help you be better storytellers.

Class sizes are limited to maximize learning and are designed to be age appropriate. All instructors are fingerprinted and have gone thru training. Classes are non-refundable. Pre-registration is required, no drop-ins please.

# School that doesn't feel like school

WE ARE HERE TO SHARE OUR KNOWLEDGE NOT GRADE PAPERS

Register Online Today at [NevadaCountyTV.org](http://NevadaCountyTV.org) or call 530.272.8862

Students must have knowledge of that topic in order to attend an advanced class.  
Classes are non-refundable.
